

11 NCAC 08 .1346 MONITORING ATTENDANCE

(a) Sponsors and instructors shall monitor attendance for the duration of each class session to assure that all students reported as satisfactorily completing a course according to the criteria in Rule .1305 of this Section have attended at least 90 percent of the scheduled credit hours. Students shall not be admitted to a class session after 10 percent of the scheduled credit hours have been conducted. A student shall not be allowed to sign a course attendance roster report, shall not be issued a course completion certificate, and shall not be reported to the Board as having completed a course unless the student fully satisfies the attendance requirement. Sponsors and instructors shall not make any exceptions to the attendance requirement for any reason.

(b) Sponsors shall assure that personnel in addition to the instructor are present during all class sessions to assist the instructor in monitoring attendance and performing the necessary administrative tasks associated with conducting a course. Sponsors shall provide one monitor for every 50 students attending a course. If a class size is 20 students or less, requirements for additional personnel are waived.
