

18 NCAC 07J .0906 WRITTEN COMMUNICATION STANDARD

A platform provider's communication technology shall support:

- (1) live transmission of on-screen text communication between all participants in a notarial transaction;
- (2) CART captioning pursuant to Rule .0903 of this Section; and
- (3) customization by each participant of all text outputs generated by the participants of:
 - (a) the contrast between the text and background;
 - (b) the size of the text; and
 - (c) the text font.
